INDOOR MEET.

To-morrow night the great indoor athletic carnival is to be given at the collseum under the auspices of the Young Men's Association. The sport-loving public will have an opportunity of witnessing one of the greatest athletic events that have everbeen held in the South. When it is considered that there are nearly four hundred entries, it can be seen just what magnitude the affair has assumed, and it is doubtful if anywhere in the South there has ever been such an aggregation of athletic #ars as will appear on the track at the Horse Show building.

The meet is going to be in the nature of a social event. The local four hundred will be represented, and there will be many box parties from out of town. The army and navy officers and their wives will be there.

AFTON, VA., March 16.—Afton and the surrounding country this morning presents a most gorgeous agene. It is more like a colossal "crystal maze" than anything else. Every twig, shrub, tree and rock is converted into things of beauty by the heavy sleet. Over all has fallen during the night a light snow making the scene more fairy-like than ever. Its loveliness is beyond description. Old King Sol has come out in all his glory, showing myriads of diamonds and sapphires glittering among the iccles. There is no wind, so that little dantage is expected. Should one of the high winds peculiar to Afton start up the damage to forests and orchards would be immense. The fruit in this section has not budded out enough to be injured by the freeze.

CHICAGO, March 18.—A social scheme designed to compete directly with neighboring saloons and dance halls, offering opportunities for refreshment, as well as club-rooms, a gymnastum and indoor games, is to be built by the Second Baptist Church, Morgan and Monroe Streets, of which the Rev. John Roach Straton is the pastor. Within a radius of three blocks of the church there are eighty-three saloons. With these and with their accompanying dance halls and dives the settlement will contend for the favors of young men and women, who live in the boarding houses, which occupy the greater part of the region.

The settlement is to be a memorial to Mrs. Elizabeth Alken, familiarly known as "Aunt Lizzle," who was an army murse during the Civil War and a local missionary of the church. MAYOR'S HOT SPEECH CAUSES COMMENT

Some Think It Was Too Severe While Many Say They Greatly Enjoyed It.

Enjoyed It.

The vigorous lecture of Mayor Mc Carthy at the Academy of Music Thursday night was the topic of widespread conversation on the streets and in public places yesterday, and those who discussed the subject expressed widely different views.

There were those who approved the speech in toto, while others condemned it on the ground that it was altogether too severe in many respects. Still another class expressed no positive views contenting themselves with saying that it was entertaining to listen to.

Perhaps the features most widely discussed were the Mayor's utterances with reference to corporation attorneys holding scats in legislative bodies, and it lawyers whom he alleged "lived on stoleg goods." About the City Hall, the latter was much condemned, and many wen so far as to express the belief that these characterizations were unwarranted and extreme.
